The attached article has been forwarded to your staff in response to your request for something to include in the upcoming issue of the DDA Exchange. It is a bit longer than has been typical of the past such articles, but I think that it might serve a useful and supportive purpose given the current situation in which the Agency finds itself. I would appreciate your personal comments on this article. I am particularly concerned that it does not inadvertently create any adverse actions as read from the several points of view of the different groups of people your quarterly will reach. I have also solicited comments on this draft from Sayre Stevens, Bill Wells and Ted Shackley.

MEMORANDUM FOR: Assistant to the Director
for Public Affairs

VIA : Acting DCI

STATINTL FROM : [REDACTED]
Deputy Executive Secretary

SUBJECT : Proposed Topics for Expanded
'Notes' or New DCI Publication

1. During the Director's 9 November meeting with the Federal Women's Program Board, the Board suggested that the DCI either expand the "Notes from the Director" to include a wider range of topics of interest to employees or initiate a publication patterned after the "DDA Exchange" (copy attached) to cover such topics.

2. In response to the Director's request, the Board forwarded a list of possible subjects to be covered (attached) in such a publication.

3. For your background, the "DDA Exchange"

--has been published quarterly for two years and
has been extremely well received

--has 600-700 copies distributed that are read
by two to three times as many employees,
primarily DDA careerists

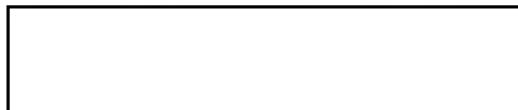

--contains contributions from each DDA
component, therefore does not require
a separate staff

--costs about \$2.61 per copy; this includes
considerable fixed costs, and a similar,
more widely disseminated publication would
therefore have a lower unit cost

6.3 / 10.3 10.3
10.3 10.3

4. Please review the lists of topics and provide by 16 December a recommendation for the Director on whether covering such topics would be useful, and if so, whether an expanded version of the "Notes" or a new publication would be the appropriate vehicle.

MEMORANDUM FOR: Director of Central Intelligence

STATINTL THROUGH :

SUBJECT : Proposed Topics for Discussion

1. As a follow-on to our 9 November meeting with you and in response to your request, the Federal Women's Program Board has prepared the attached list of topics for possible treatment in a DCI publication patterned after the "DDA Exchange" or in expanded issuances of the DCI Notes. Whatever the vehicle, we urge that it be kept at the lowest classification and that it be disseminated as widely as possible.

2. The Board membership appreciated the opportunity to meet with you on 9 November. We hope it is a first step toward meaningful interface with the DCI area and management.

Chairman
Federal Women's Program Board
